

TKI Grading dates

Assessment grading exam will be the week before the grading dates shown

Assessment Grading exams free but lesson fee applies

To be eligible to do the grading exam ☐ you must have been assessed

Please note members wishing to grade must have a Karate suit and valid insurance

Grading assesment exam means

We asses the children the week before we put them into the exam

We do this as children have a 99% of passing as they are so young at lower levels and want to build there confidence

As grading levels get harder we are more harder with our decisions

If a child is not ready to grade we think its best to tell them before putting them through a grading exam

Grading exam means

**Changing the colour of the belt by achieving moves
combanations and katas**

**These grading exams get harder as you work up the levels
You will be upgraded to a more advanced class when
achieving certain levels**

**This will keep the interest to students as like school
classes get more interesting as they move up levels and no
reason to going over beginner training lessons**

**The lower grade assessment grading and gradings will be
held in the normal venues you train in**

**Brown and black belt gradings are held twice a year on
Saturday afternoons at our Downham venue**

**Please note any brown or black belt who has not
attended three**

**referee,s course between each grading are not eligible to
grade**

Next Brown and Black belt grading TBA

Grading Exam Dates 2021

Written by Administrator

Saturday, 13 February 2010 19:49 - Last Updated Sunday, 17 October 2021 08:21

**These Gradings can be done on Zoom or in the halls
We will be checking if you are ready for grading the
following week**
